## Brunei Darussalam Exchange Student

*Universiti Brunei Darussalam*

I chose ITS because of its well known reputation for **academic excellence**. ITS offers a diverse range of courses that align perfectly with my academic interests and goals. The university offers a clean and inviting environment with plenty of **comfortable spaces for students** to study and socialize.

With my international friends, we visited iconic landscapes such as Mt. Ijen, Mt. Merbabu, and Mt. Arjuna, as well as cities like Yogyakarta, Jakarta, and Bandung. We also explored local destinations such as Flores, Karimun Jawa, and Lombok. These incredible experiences have **greatly contributed to our growth** in trip planning, financial management, and language acquisition. During our time in Indonesia, we enjoyed sampling local cuisine and interacting with the friendly locals.
